

PRODUCT LABEL

Potassium Magnesium Sulphate (K-Mag) 0-0-18-23

Potassium	(K)	Total as Sulphate	18.0% w/w
Magnesium	(Mg)	As Sulphate	0.5% w/w
Sulphur	(S)	Total as Sulphate	22.6% w/w
Chlorine	(Cl)		Typical 0.7mg/kg
Cadmium	(Cd)	Maximum 10mg/kg	Typical <1 mg/kg
Mercury	(Hg)	Maximum 5mg/kg	Typical <0.1mg/kg
Lead	(Pb)	Maximum 100mg/kg	Typical <1 mg/kg

Product Information

DIRECTIONS FOR USE:

A coarse, crystalline grade of potassium magnesium sulphate, for used for the correction of magnesium deficiencies, or potassium and magnesium deficiencies or for use where soil or irrigation water is high in salt or chloride. Use to replace potassium chloride (MOP) where chloride sensitive crops are being grown, e.g. berries, fruit or vines or where quality or cadmium uptake may be affected by excess chloride, e.g. Potatoes and leafy vegetables.

Because climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of Impact Fertilisers Australia Pty Ltd and cannot be foreseen, Impact Fertilisers Australia Pty Ltd accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used with directions or not, subject to any overriding statutory provision and provided such liability under those provisions shall be limited to the replacement of the goods as supplied or rendering again the services that are provided. The buyer accepts and uses this product subject to these conditions.

STORAGE:

Store in cool, dry well ventilated area, removed from oxidising agents and foodstuffs. Do not store in silos.
