

PRODUCT LABEL

Muriate of Potash (MOP)

0-0-50-0

Potassium	(K)	Total as Chloride	50.0% w/w
Cadmium	(Cd)	Maximum 10mg/kg	Typical <1.0mg/kg
Mercury	(Hg)	Maximum 5mg/kg	Typical <0.1mg/kg
Lead	(Pb)	Maximum 100mg/kg	Typical <1.0mg/kg

Product Information

DIRECTIONS FOR USE:

A coarse or granular fertiliser grade of potassium chloride, for use where potassium is required, eg in horticulture, top-dressing pasture, forage and hay crops. This product should not be used as a foliar spray.

Muriate of Potash may be used as a mineral supplement in grain rations for livestock in feed-lots. Veterinary advice should be sought.

Because climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of Impact Fertilisers Australia Pty Ltd and cannot be foreseen, Impact Fertilisers Australia Pty Ltd accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used with directions or not, subject to any overriding statutory provision and provided such liability under those provisions shall be limited to the replacement of the goods as supplied or rendering again the services that are provided. The buyer accepts and uses this product subject to these conditions.

SAFETY DIRECTIONS:

This product contains Dust. Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin.

WARNING:

The dust from this product may irritate the eyes and skin. Avoid contact and inhalation of dust.

STORAGE:

Store in cool, dry well ventilated area, removed from oxidising agents and foodstuffs. Do not store in silos.

CARE OF EQUIPMENT:

This product can be corrosive to metals. Clean equipment after use, and follow manufacturer's maintenance advice.

MSDS:

The MSDS for this product can be downloaded from the IFA website (www.impactfertaust.com.au).
