

PRODUCT LABEL

Manganese Sulphate Monohydrate (31 %)

Manganese	(Mn)	As Sulphate	31 % w/w
Cadmium	(Cd)	Maximum 50mg/kg	Typical 3mg/kg
Mercury	(Hg)	Maximum 5mg/kg	Typical <0.1mg/kg
Lead	(Pb)	Maximum 2,000mg/kg	Typical 31mg/kg
Arsenic	(As)		Typical 12mg/kg

Product Information

IMPURITIES: Use of this product may result in Cadmium and/or Lead residues in excess of the Maximum Permitted Concentration (MPC) in plant and animal products and may also result in accumulation of these residues in soils.

DIRECTIONS FOR USE: A granulated manganese sulphate fertiliser for dry application to the soil. Where practical, e.g. in annual crops, apply pre-plant and place into or incorporate into the soil, as manganese applied to the soil surface may not be properly utilized by crop roots. For orchards and vineyards apply prior to irrigation or rain. More detailed Use Directions on this product can be obtained from IFT Agronomy Services.

Because climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of Impact Fertilisers Pty Ltd and cannot be foreseen, Impact Fertilisers Pty Ltd accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used with directions or not, subject to any overriding statutory provision and provided such liability under those provisions shall be limited to the replacement of the goods as supplied or rendering again the services that are provided. The buyer accepts and uses this product subject to these conditions.

SAFETY DIRECTIONS: This product contains Dust. Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre (13 11 26). If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes, and see a doctor.

STORAGE: Store in cool, dry well ventilated area, removed from oxidising agents and foodstuffs. Do not store in silos.

CARE OF EQUIPMENT: This product can be corrosive to metals. Clean equipment after use, and follow manufacturer's maintenance advice.

MSDS:

The MSDS for this product can be downloaded from the IFT website (www.impactfertilisers.com.au).
